Subject: Dewey Burdoch | John Mays | Powertech

Good Morning Douglas – I just wanted to touch base on your voicemail regarding COO John Mays and the Dewey Burdoch project with Powertech (merged with Azarga Uranium?). Thank you for the updated status on the project and the intention of setting up FR for those initial two Class V facilities, and the first of the 14 fields (later on).

I'll reach out to John and get back with the team.

Thanks very much!
